The Department licenses more than 172,000 individuals in Pennsylvania to conduct the business of insurance with the general public. Over 150,000 of these licenses represent insurance producers. In a given year more than 30,000 new applications and over 700,000 insurance company appointments are processed. Additionally, the Bureau reviews and renews approximately 88,000 licenses annually and monitors compliance with the mandatory continuing education requirements for individual licensees as well as reporting requirements for both individuals and business entities in accordance with statutory timeframes.

It investigates alleged violations and enforces state laws and regulations governing insurance agents, brokers and companies.

BUREAU OF ACCIDENT AND HEALTH

The Bureau of Accident and Health Insurance oversees health maintenance organizations (HMOs), preferred provider organizations (PPOs) and commercial and non-profit insurers, including Blue Cross/Blue Shield plans. The Bureau also coordinates the licensing of HMOs with the Department of Health. In addition, the Bureau is responsible for determining that all state laws and regulations related to health insurance are in compliance with applicable federal legislation. (Valuation is a process of determining a company's liability under its policy obligations.) This Bureau also performs the valuation of life and health insurance reserves. The valuation function generates approximately $4,800,000 annually. Filings are reviewed for compliance with all statutory and regulatory requirements. The Bureau annually reviews approximately 2,145 rate filings and 3,800 form filings.

BUREAU OF PROPERTY AND CASUALTY

The Bureau of Property and Casualty Insurance is responsible for personal and commercial property and casualty lines of business such as automobile, homeowners', workers' compensation and liability insurance. The Bureau works closely with the Department of Labor and Industry on workers' compensation issues and with the Medical Care Availability and Reduction of Error Fund. Rate and form filings are reviewed for compliance with all statutory and regulatory requirements. The Bureau reviews approximately 3,055 rate filings and 2,100 form filings each year.

BUREAU OF ENFORCEMENT

The Bureau of Enforcement is comprised of the Field Investigation, Anti-Fraud Compliance, Market Conduct and Market Surveillance Divisions. The Field Investigation Division investigates insurance companies and agencies suspected of violating Pennsylvania insurance statutes and regulations. The Market Conduct Divisions conduct comprehensive examinations of insurance companies' records, files and practices to determine their compliance with Pennsylvania statutes and regulations. During 2005, the Bureau of Enforcement obtained almost $3 million in civil penalties and ordered in excess of $47 million in restitution to consumers in the Commonwealth.

During 2005, the Field Investigation Division, based in Harrisburg, opened 653 investigative cases, closed 587 cases, issued 285 warning letters and 118 consent orders/settlement agreements. The Field Investigation Division continues to see a nationwide trend of an increase in the number of unlicensed insurers, marketing insurance schemes under the guise of collective bargaining welfare plans, while claiming exemption from state insurance regulation. Pennsylvania has been a leader in the swift and aggressive prosecution of these entities, frequently coordinating with other states and the National Association of Insurance Commissioners, as well as the U.S. Department of Labor. One significant case of 2005 was Marsh & McLennan Companies, Inc., and Marsh USA, Inc. Marsh, a nationally licensed producer, has been the subject of various state investigations, including by the PA Department, regarding its bid solicitation and insurance placement practices ("steering") on behalf of its clients. The various investigations revealed that in order to maximize placement of their clients' business with favored insurers, and thereby increase their own income, Marsh engaged in various activities that essentially constituted bid rigging. Through these methods, despite representing to clients that it was acting in their best interest, in many cases Marsh gave only the appearance of legitimately shopping the clients' business to multiple insurers and instead manipulated the process inappropriately and illegally. To settle this matter in Pennsylvania, Marsh has agreed to cease and desist violating applicable statutes and/or regulations, continue cooperating with any ongoing investigations, implement reforms, provide future reporting and otherwise abide by the terms of the New York Settlement, as follows: Without admitting the allegations, Marsh shall place $850,000,000 into a fund over the next four years to be paid countrywide to its clients who retained Marsh, where insurance placement resulted in contingent commissions or overrides. No portion of that sum shall be considered a fine or penalty. Marsh agreed to institute business reforms within 60 days and cooperate with the New York Attorney General.

The Market Conduct Divisions, comprised of the Property and Casualty Division and the Life and Health Division, completed 40 on-site company examinations and executed 57 consent orders/settlement agreements amounting to over $2.2 million in civil penalties and almost $700,000 in restitution. The P&C Division completed its industry-wide homeowners review of underwriting guidelines, resulting in 19 consent orders and 5 companies being referred for a market conduct examination. The Division also completed an examination on Foremost Insurance Company of Grand Rapids, Michigan, and Foremost Signature Insurance Company, which found a large number of violations were noted under Act 246 of the Casualty and Surety Rate Regulatory Act for policies issued and renewed with incorrectly applied discounts, improper surcharges, improper use of credit as a tier-placement factor to increase premium at renewal and charging an unapproved premium for pedestrian first party benefits coverage for off-road vehicle coverage. The company was fined $225,000 in settlement of all violations noted in the Examination Report. The Market Conduct Life and Health Division continued to monitor compliance issues relating to minimum mandated benefits, drug and alcohol use and dependency coverage, and credit life.

The Market Surveillance Division regulatory approach to monitor the insurance industry is through market analysis and by participating in the Market Conduct Annual Statement. These programs are recognized regulatory tools. The programs were developed by various states through the NAIC Market Analysis Working Group with input from both state regulators and the industry. Market Analysis is a system to collect and analyze company data and other information. Indicators that result from the baseline analysis are the basis for the Department to screen and follow-up with insurers whose results are out of the norm. Market Analysis can be used for all lines of business. The results from the analysis are used to allocate market regulation resources and provide collaboration among the states. The core areas used in the

baseline analysis include complaints, complaint index, changes in premium volume, losses (direct losses paid and unpaid), defense cost, IRIS ratios and regulatory actions. The analysis tool is further used to trend each company's performance year to year. Companies found with regulatory issues are reported electronically to the NAIC through a Level 1 or Level 2 document (depends upon the degree of findings). This regulatory report permits specific regulators in each state to access the NAIC database to gather information for an interrogatory report or multi state exam. The Market Conduct Annual Statement has become a significant multi-state tool for regulators to identify general market problems through analysis of company data.

The Anti-Fraud Compliance Division, operating through grant of the Pennsylvania Insurance Fraud Prevention Authority, reviews insurer fraud control programs to determine insurer compliance with law, performs analysis of fraud and fraud-related issues to assist Pennsylvania anti-fraud strategy and policymaking, functions as Department liaison with federal and state agencies on insurance fraud, and through educational initiatives, increases public awareness that insurance fraud harms Pennsylvania consumers through higher insurance costs.

OFFICE OF MCARE

Reporting to the Insurance Commissioner, the Office of Mcare under the direction of a Deputy Insurance Commissioner, plans, develops, coordinates and administers the Medical Care Availability and Reduction of Error Fund in accordance with state statutory requirements, which provides excess medical professional liability insurance coverage to eligible health care providers.

BUREAU OF MEDICAL MALPRACTICE ADMINISTRATION

Bureau of Medical Malpractice Administration - Directs an excess liability insurance coverage program in accordance with a statutory scale of limits in excess of primary insurance provided by medical malpractice liability insurance companies or self-insured health care provider programs. Coordinates and monitors health care providers' compliance with statutory coverage requirements.

The Operations Support Division collects and analyzes financial assessments received from insurance companies and self-insured health care providers. Identifies human, fiscal and technology resources and other related administrative and office services needs and coordinates with the Bureaus of Administration and Information Technology to obtain the resources. Coordinates and monitors a program to track and report health care providers' noncompliance with statutory insurance coverage requirements to the appropriate licensing authority.

The Policy Division collects, analyzes, and approves or disapproves insurance coverage for participating health care providers, and other eligible entities. Develops, edits, and issues procedural manuals, instructional transmittals and formal policy clarifications that provide direction to medical malpractice liability insurance companies and self-insured health care providers regarding remittance of the annual assessment. In addition, the Policy and Administration Division has been responsible for the implementation and maintenance of the Health Care Provider Retention Program, enacted in December 2003, by Act 44 of 2003, which provides for the abatement of the Mcare assessment in 2003 and 2004 for qualified health care providers, as well as Act 154 of 2004 that extends the abatement of the Mcare assessment for 2005, Act 88 of 2005 that extends the abatement for 2006, and Act 128 of 2006 that extends the abatement program for 2007.

BUREAU OF MCARE CLAIMS ADMINISTRATION

Bureau of Mcare Claims Administration - Directs a program to receive, investigate and resolve eligible medical malpractice liability claims in accordance with Act 13 of 2002. Directs the internal review and analysis of medical malpractice liability insurance company financial reports to monitor underwriting premium and claim activities. Directs and assesses the performance of defense counsel and maintains related reports. The Claims Administration Support Division reviews and processes notice of claim forms

received from medical malpractice liability insurance companies and self-insured health care providers. It also collects, coordinates, and collates claim payment information and reports data to the Office of Comptroller for payment on December 31 of each year. Finally, the Claims Administration Support Division reports details of claim payments on required claims to the National Practitioners Data Bank.

OFFICE OF CHIEF COUNSEL

The Governor's Office of General Counsel oversees the legal offices for the Commonwealth, including the Department's Office of Chief Counsel. The attorneys in the Office of Chief Counsel, under the direction of the Chief Counsel, provide legal advice to the Commissioner and Department staff. The attorneys, who report to the Chief Counsel, are responsible for providing counsel on general regulatory law; the CHIP and adultBasic programs; litigation and administrative hearings; liquidations, rehabilitations and special funds; and the Mcare Fund. Attorneys are assigned to one of three areas: (1) the regulatory/litigation area; (2) the liquidation, rehabilitation and special funds area; or (3) the Mcare Fund.

The regulatory and litigation attorneys handle the interpretation and implementation of the insurance laws of the Commonwealth and application of relevant federal legislation. They also assist in the drafting of proposed legislation, regulations and policy recommendations. Regulatory and litigation attorneys also prosecute actions to enforce Pennsylvania insurance laws and regulations (including those related to hazardous financial condition) and represent the Department in administrative proceedings. Support is also provided by this area with respect to Act 68 (HMO appeals) and compliance with the Right to Know Act, as well as Department procurements and contracts. The attorneys also regularly represent the Department in state and federal courts in cases of original and appellate jurisdiction involving all insurance regulatory issues.

The attorneys in the liquidations, rehabilitations and special funds area represent the Commissioner in her capacity as statutory receiver for domestic insurers placed into rehabilitation or liquidation by Order of the Commonwealth Court. They supervise the legal affairs of insurers in liquidation or rehabilitation, dealing with reinsurance recoveries, commutations and the distribution priority of company assets. Attorneys in this area also supervise the pursuit through forensic investigation and litigation of monetary recoveries from parties legally responsible for the demise of insurers in liquidation or rehabilitation. These attorneys also provide legal counsel to the Underground Storage Tank Indemnification Fund, the Workers' Compensation Security Fund, and the automobile Catastrophic Loss Benefits Fund, including related representation before administrative tribunals as well as the courts.

The Mcare attorneys provide legal advice to the Commissioner and Deputy Commissioner, and the claims staff at Mcare on all legal issues, mediation matters and coverage disputes. The attorneys regularly represent the Department in state and federal courts in cases of original and appellate jurisdiction involving Mcare issues.
