The Office of the Children's Health Insurance Program (Chip) and adultBasic is the primary contact for consumers who have questions regarding health insurance coverage and benefits for low-income children, families and/or adults.

As a regulator, the Pennsylvania Insurance Department:

- Reviews for approval or disapproval, certain rate and policy form filings.
- Licenses insurance companies to conduct business in the state and enforces insurance laws and regulations in Pennsylvania.
- Monitors insurer conduct in the marketplace to promote fair treatment in claims handling, policy renewals and availability for consumers.

The Pennsylvania Insurance Department, established under the Act of Assembly of April 4, 1873, P.L. 20 and reorganized under the Insurance Department Act of May 17, 1921, P.L., 789, is responsible for administering the laws of the Commonwealth as they pertain to the regulation of the insurance industry and the protection of the insurance consumer.

OFFICE OF THE INSURANCE COMMISSIONER

The Insurance Commissioner is the head of the Department, responsible for the regulation of the insurance industry in the Commonwealth and the protection of the insurance consumer. A member of the Governor's Cabinet, the Commissioner is appointed by the Governor with the advice and consent of the Senate.

In addition to the role as chief administrator of the Department, the Commissioner has the following official responsibilities:

- Supervises the Workers' Compensation Security Fund. This Fund was created to ensure that claimants receive compensation under the Pennsylvania Workers' Compensation Law if their workers' compensation insurance company should become insolvent.
- Serves on the Board of the State Workers' Insurance Fund.
- Acts as statutory receiver for Pennsylvania domestic insurers placed in liquidation or rehabilitation by order of Commonwealth Court. Among other things, the Commissioner is responsible for collecting assets of insolvent insurance companies to maximize payments to claimants against the insurer's estate.
- Serves as a member of the Office of Health Care Reform Cabinet, the Children's Health Insurance Program (CHIP) Advisory Council and the Underground Storage Tank Indemnification Fund Board.

ADMINISTRATIVE HEARINGS OFFICE

The Administrative Hearings Office receives filings, conducts hearings and prepares adjudications in matters concerning insurance laws and regulations. Formal hearings may be held on company rate requests, insurance policy forms, Department enforcement actions, agency terminations, agent licensing matters, appeals from rating organizations, denials of automobile Catastrophic Loss Benefits and other matters under the jurisdiction of the Insurance Department. - Reviewing proposed legislation and providing consumer-focused perspective.
- Serving as a spokesperson for the consumer at various venues.

OFFICE OF CHILDREN'S HEALTH INSURANCE PROGRAM AND ADULTBASIC

CHILDREN'S HEALTH INSURANCE PROGRAM

The Children's Health Insurance Program (CHIP), which is administered by the Insurance Department, now provides free or low-cost health insurance to all eligible, uninsured children and teens under 19 years of age whose families earn too much to qualify for Medical Assistance and have no other health insurance coverage. Free coverage is currently available to families with incomes no greater than 200%

of the Federal Poverty Level (FPL) and low-cost health insurance is available to families with incomes greater than 200% but no greater than 300% of the FPL. Families with incomes greater than 300% of the FPL may purchase full-cost coverage at the state-negotiated rate. Families whose incomes fall in the low-cost or full-cost CHIP ranges must show that their children have been uninsured for six months unless their children are under age two, have lost health insurance because a parent lost a job, or are moving from another public health insurance program. CHIP is funded through both state and federal funds for those with income no greater than 300% of the FPL. Above that limit, CHIP premiums are paid in full by the family.

CHIP medical benefits include coverage for:

* prescription drugs
* immunizations
* emergency care
* rehabilitation therapy
* maternity care
* routine checkups
* specialty care
* diagnostic testing
* home health care
* inpatient hospitalization up to 90 days per year
* mental health services
* substance abuse services

adultBasic

The adultBasic program, which is administered by the Insurance Department, provides insurance to uninsured adults between the ages of 19 and 64 who have household incomes less than 200% of the FPL and who have no other health insurance coverage. Eligible persons pay a premium of $35.00 per month for coverage. adultBasic is funded through a portion of the National Tobacco Settlement funds received by the Commonwealth, as well as through funds committed by Pennsylvania's Blues Plans for Community Health Reinvestment activities. Because the extraordinary public response to adultBasic outstripped the available funding, a waiting list was implemented. Applicants have the option of purchasing adultBasic at full cost while on the waiting list. Purchasing coverage does not affect one's place on the waiting list.

Benefits include coverage for:

* routine checkups

OFFICE OF INSURANCE PRODUCT REGULATION AND MARKET ENFORCEMENT, AND BUREAU OF ADMINISTRATION

Reporting to the Insurance Commissioner, the Office of Insurance Product Regulation and Market Enforcement, under the direction of a Deputy Insurance Commissioner, is responsible for reviewing and regulating certain insurance rates charged and policy forms used in Pennsylvania for accident and health, life, and property and casualty insurance. Certain rate filings are reviewed to determine that rates are not excessive, inadequate or unfairly discriminatory. It investigates alleged violations and enforces state laws and regulations governing insurance producers and companies.

The Bureau of Administration provides consultative services and administrative support to the Department's executive and program offices in the areas of budget and fiscal management, human resources and equal employment opportunity, procurement and contracting, facilities management, mail and messenger responsibilities and related office services duties. The two divisions comprising the bureau include the Budget and Office Management Division and the Human Resources and EEO Division.

The Budget and Office Management Division is responsible for preparation of the Department's budget, Legislative Hearing Material, fiscal monitoring and control, preparation of financial reports, contract management, and related budget and fiscal activities. This division also provides the Department with space and facilities management, mail and messenger services, supply and inventory management, procurement, printing services and telecommunications support. In addition, the division oversees operation of the Department's public room, where individuals can review public documents, including insurance company financial statements and rate and policy form filings. This division is the liaison with the Comptroller's Operations Office, Legislative staff and the Governor's Budget Office.

The Human Resources and EEO Division provides support in the areas of recruitment and placement, classification and salary administration, labor relations, employee training and development, employee benefits, leave administration, transactions, safety and related human resources programs. The division is also responsible for administering the Department's equal employment opportunity program.

BUREAU OF ACCIDENT AND HEALTH

The Bureau of Accident and Health Insurance oversees health maintenance organizations (HMOs), preferred provider organizations (PPOs) and commercial and non-profit insurers, including Blue Cross/Blue Shield plans. The Bureau also coordinates the licensing of HMOs with the Department of Health. In addition, the Bureau is responsible for determining that all state laws and regulations related to health insurance are in compliance with applicable federal legislation. Rate and form filings are reviewed for compliance with all statutory and regulatory requirements. The Bureau reviews approximately 1,300 rate filings and 1,800 form filings annually.

BUREAU OF LIFE INSURANCE

The Bureau of Life Insurance reviews life insurance, annuity and credit insurance values, policies and forms and credit insurance rates for compliance with the Department's laws and regulations. The Bureau also provides valuation of life and accident health insurance reserves to determine compliance with the valuation law. (Valuation is a process of determining a company's liability under its policy obligations.) This Bureau also performs the valuation of life and health insurance reserves. The valuation function generates approximately $3,800,000 annually. Filings are reviewed for compliance with all statutory and regulatory requirements. The Bureau annually reviews approximately 2,145 rate filings and 3,800 form filings.

BUREAU OF PROPERTY AND CASUALTY

The Bureau of Property and Casualty Insurance is responsible for personal and commercial property and casualty lines of business such as automobile, homeowners', workers' compensation and liability insurance. The Bureau works closely with the Department of Labor and Industry on workers' compensation issues and with the Medical Care Availability and Reduction of Error Fund. Rate and form filings are reviewed for compliance with all statutory and regulatory requirements. The Bureau reviews approximately 3,500 rate filings and 2,750 form filings each year.

BUREAU OF ENFORCEMENT

The Bureau of Enforcement is comprised of the Field Investigations Division, Anti-Fraud Compliance, Market Conduct and Market Surveillance Divisions. The Field Investigation Division investigates insurance companies and producers suspected of violating Pennsylvania insurance statutes and regulations. The Market Conduct Divisions conduct comprehensive examinations of insurance companies' records, files and practices to determine their compliance with Pennsylvania statutes and regulations. The Bureau had another successful year in 2007. The Bureau imposed $11,411,539 in penalties, and was involved in $3,608,986 in restitution being returned to Pennsylvania consumers.

In 2007, the Field Investigations Division executed 153 Consent Orders and Settlement Agreements, and 53 producers surrendered their licenses or had their licenses revoked as a result of violating insurance laws. In addition, the Division imposed $9,552,750 in civil penalties and assessed $3,094,951 in restitution to Pennsylvania consumers.

The Market Conduct Division continues to maintain an aggressive agenda of initiatives intended to protect Pennsylvania consumers and provide for a fair market environment. In 2007, 40 full-scope market conduct examinations were completed. A total of $1,858,789 in civil penalties was assessed and $514,035 in restitution was ordered.

It is expected that Market Conduct will continue to become more involved in market conduct examinations at a multi-state level in order to maintain and protect interest of Pennsylvania consumers and ensure regulatory compliance in the marketplace. As the impact of the shift from front end regulation to back end regulation increases, globalization of the marketplace develops and the expanding use of marketing insurance and financial products electronically, the importance and necessity of Market Conduct initiatives will continue to increase.

In a continuing effort to maintain uniformity in the marketplace, the Market Conduct Property & Casualty Division continues to focus on compliance with various Act 6 notice/disclosure requirements. In particular, those notices and disclosures required to be provided at the time of application for private passenger automobile insurance.

The Life and Health Market Conduct Division continues efforts to monitor the insurance marketplace concerning compliance issues related to mandated benefits, with special emphasis on provisions of Act 106 of 1989, Drug and Alcohol Use and Dependency Coverages.

The Division also continued to ensure compliance with uniformity in the Credit Insurance market. The focus on Credit Insurance was a result of consumer complaint activity, internal Department and analysis, and information received and shared with other jurisdictions.

The Anti-Fraud Compliance Division, operating through grant of the Pennsylvania Insurance Fraud Prevention Authority, reviews insurer fraud control programs to determine insurer compliance with law, performs analysis of fraud and fraud-related issues to assist Pennsylvania anti-fraud strategy and policymaking, functions as Department liaison with federal and state agencies on insurance fraud, and through educational initiatives, increases public awareness that insurance fraud harms Pennsylvania consumers through higher insurance costs.

OFFICE OF MCARE

Reporting to the Insurance Commissioner, the Office of Mcare under the direction of a Deputy Insurance Commissioner, plans, develops, coordinates and administers the Medical Care Availability and Reduction of Error Fund in accordance with state statutory requirements, which provides excess medical professional liability insurance coverage to eligible health care providers.

BUREAU OF MEDICAL MALPRACTICE ADMINISTRATION

Bureau of Medical Malpractice Administration - Directs an excess liability insurance coverage program in accordance with a statutory scale of limits in excess of primary insurance provided by medical malpractice liability insurance companies or self-insured health care provider programs. Coordinates and monitors health care providers' compliance with statutory coverage requirements. Identifies health care providers who appear to be in non-compliance with Pennsylvania's mandatory malpractice insurance requirements, and reports such to the appropriate licensing authority.

The Bureau of Medical Malpractice Administration collects, deposits and analyzes assessments received from licensed or approved insurance companies and approved self-insured entities that are remitted on

behalf of health care providers net of any assessment abatements in effect in certain years. From this, a record of Mcare coverage is created for each health care provider. The Bureau coordinates with the Office of Administration's Bureau of Information Technology to manage technology resources in carrying out responsibilities mandated by statute. The Policy Division within the Bureau oversees the noncompliance program which identifies health care providers for whom medical malpractice insurance has not been reported on their behalf to Mcare. Prior to reporting such health care providers to the applicable licensing authority for disciplinary action, notices are sent to health care providers. The Fiscal and Administrative Support Division administers a program to collect Mcare assessment repayments from health care providers who did not fulfill the requirements of the abatement program, as well as experience rated adjustments to assessments for health care providers who have claims histories that subject them to paying Mcare more than the standard assessment amounts.

BUREAU OF MCARE CLAIMS ADMINISTRATION

Bureau of Mcare Claims Administration - Directs a program to receive claim file reports from primary insurers and determine eligibility in accordance with statutory provisions. The Claims Administration Division investigates, evaluates and resolves eligible medical malpractice liability claims in accordance with Act 13 of 2002. Directs a program to receive claim file reports from primary insurers and determine eligibility for Mcare Fund coverage in accordance with statutory provisions.

The Claims Administration Support Division reviews and processes notice of claim reports that are received from medical malpractice liability insurance companies and self-insured health care providers. It also collects, coordinates, and collates claim payment information and reports data to the Office of Comptroller for payment on December 31 of each year. Finally, the Division fulfills the mandate to report applicable claim payments to the National Practitioner Data Bank.

OFFICE OF CHIEF COUNSEL

The Governor's Office of General Counsel oversees the legal offices for the Commonwealth, including the Department's Office of Chief Counsel. The attorneys in the Office of Chief Counsel, under the direction of the Chief Counsel, provide legal advice to the Commissioner and Department staff. The attorneys, who report to the Chief Counsel, are responsible for providing counsel on general regulatory law; the CHIP and adultBasic programs; litigation and administrative hearings; liquidations, rehabilitations and special funds; and the Mcare Fund. Attorneys are assigned to one of three areas: (1) the regulatory/litigation area; (2) the liquidation, rehabilitation and special funds area; or (3) the Mcare Fund.

The regulatory and litigation attorneys handle the interpretation and implementation of the insurance laws of the Commonwealth and application of relevant federal legislation. They also assist in the drafting of proposed legislation, regulations and policy recommendations. Regulatory and litigation attorneys also prosecute actions to enforce Pennsylvania insurance laws and regulations (including those related to hazardous financial condition) and represent the Department in administrative proceedings. Support is also provided by this area with respect to Act 68 (HMO appeals) and compliance with the Right to Know Act, as well as Department procurements and contracts. The attorneys also regularly represent the Department in state and federal courts in cases of original and appellate jurisdiction involving all insurance regulatory issues.

The attorneys in the liquidations, rehabilitations and special funds area represent the Commissioner in her capacity as statutory receiver for domestic insurers placed into rehabilitation or liquidation by Order of the Commonwealth Court. They supervise the legal affairs of insurers in liquidation or rehabilitation, dealing with reinsurance recoveries, commutations and the distribution priority of company assets. Attorneys in this area also supervise the pursuit through forensic investigation and litigation of monetary recoveries from parties legally responsible for the demise of insurers in liquidation or rehabilitation. These attorneys also provide legal counsel to the Underground Storage Tank Indemnification Fund, the Workers' Compensation Security Fund, and the automobile Catastrophic Loss Benefits Fund, including related representation before administrative tribunals as well as the courts.

The Mcare attorneys provide legal advice to the Commissioner and Deputy Commissioner, and the claims staff at Mcare on all legal issues, mediation matters and coverage disputes.
