OFFICE OF THE INSURANCE COMMISSIONER

The Insurance Commissioner is the head of the Department, responsible for the regulation of the insurance industry in the Commonwealth and the protection of the insurance consumer. A member of the Governor's Cabinet, the Commissioner is appointed by the Governor with the advice and consent of the Senate.

In addition to the role as chief administrator of the Department, the Commissioner has the following official responsibilities:

- Supervises the Workers' Compensation Security Fund. This Fund was created to ensure that claimants receive compensation under the Pennsylvania Workers' Compensation Law if their workers' compensation insurance company should become insolvent.
- Serves on the Board of the State Workers' Insurance Fund.
- Acts as statutory receiver for Pennsylvania domestic insurers placed in liquidation or rehabilitation by order of Commonwealth Court. Among other things, the Commissioner is responsible for collecting assets of insolvent insurance companies to maximize payments to claimants against the insurer's estate.
- Serves as a member of the Office of Health Care Reform Cabinet, the Children's Health Insurance Program (CHIP) Advisory Council and the Underground Storage Tank Indemnification Fund Board.

ADMINISTRATIVE HEARINGS OFFICE

The Administrative Hearings Office receives filings, conducts hearings and prepares adjudications in matters concerning insurance laws and regulations. Formal hearings may be held on company rate requests, insurance policy forms, Department enforcement actions, agency terminations, agent licensing matters, appeals from rating organizations, denials of automobile Catastrophic Loss Benefits and other matters under the jurisdiction of the Insurance Department. Formal hearings also may be held at the request of any insurance consumer who believes that an insurance policy was improperly canceled or not renewed, or at the request of any company or person harmed by a Department action.

OFFICE OF CHILDREN'S HEALTH INSURANCE PROGRAM AND ADULTBASIC

CHILDREN'S HEALTH INSURANCE PROGRAM

The Children's Health Insurance Program (CHIP), which is administered by the Insurance Department, provides free or low-cost health insurance to all eligible children and teens up to age 19 who are not eligible for Medical Assistance and have no other health insurance coverage. Free coverage is currently available to families with incomes no greater than 200% of the Federal Poverty Level (FPL) and low-cost health insurance is available to families with incomes greater than 200% but no greater than 300% of the FPL. Families with incomes greater than 300% of the FPL may purchase full-cost coverage at the state-negotiated rate. Families whose incomes fall in the low-cost or full-cost CHIP ranges must show that their children have been uninsured for six months unless their children are under age two; have lost health insurance because a parent lost a job; or are moving from another public health insurance program. CHIP is funded through both state and federal funds for those with income no greater than 300% of the FPL. Above that limit, CHIP premiums are paid in full by the family.

CHIP medical benefits include coverage for:

* prescription drugs
* immunizations
* emergency care
* rehabilitation therapy
* maternity care
* routine checkups
* specialty care
* diagnostic testing
* home health care
* inpatient hospitalization up to 90 days per year
* mental health services
* substance abuse services
* durable medical equipment
* dental, eye and hearing services

For more information about CHIP, consumers may visit www.chipcoverspakids.com. An online application is available by clicking "APPLY NOW." To apply by phone or for more information, consumers may call 1-800-986-KIDS (5437) and a CHIP counselor will provide information and/or fill out an application.

adultBasic

The adultBasic program, which is administered by the Insurance Department, provides insurance to adults aged 19 through 64 who have household incomes less than 200% of the FPL and who have no other health insurance coverage. adultBasic is funded through a portion of the National Tobacco Settlement funds received by the Commonwealth, as well as through funds committed by Pennsylvania's Blues Plans for Community Health Reinvestment activities. Because the extraordinary public response to adultBasic outstripped the available funding, a waiting list was implemented. Due to limited funding, there are no plans to make offers of enrollment into the low-cost adultBasic program, However, by law, applicants who meet the eligibility criteria and are placed on the waiting list for adultBasic have the option of purchasing adultBasic for $629 per month (which will be adjusted annually for inflation) while on the waiting list. Purchasing coverage does not affect one's place on the waiting list.

Benefits include coverage for:

- Hospitalization (up to two inpatient stays per year)
- Physician Services (primary care and specialists)
- Emergency Services
- Diagnostic Tests (such as X-rays, mammograms and laboratory tests)
- Maternity Care
- Rehabilitation and Skilled Care (in lieu of extended hospitalization)

Copayments and coinsurance may also apply to services.

For more information about adultBasic, consumers may visit www.insurance.pa.gov and click on the "Health Insurance" tab, then click "adultBasic". An online application is available by clicking "Apply Online." Consumers also may call 1-800-GO-BASIC and an adultBasic counselor will provide information and/or fill out an application.

OFFICE OF CORPORATE AND FINANCIAL REGULATION

Reporting to the Insurance Commissioner, the Office of Corporate and Financial Regulation, under the direction of a Deputy Insurance Commissioner, protects insurance consumers by requiring all insurance companies operating in Pennsylvania to maintain financial strength and stability. Currently, there are approximately 1,700 insurance companies licensed to conduct business in Pennsylvania.

BUREAU OF COMPANY LICENSING AND FINANCIAL ANALYSIS

The Bureau of Company Licensing and Financial Analysis supervises the formation of Pennsylvania insurance companies, risk-assuming preferred provider organizations, health maintenance organizations, associations and exchanges. It also oversees the licensing of insurers from other states and foreign countries that want to write insurance in Pennsylvania. Staff monitors transactions in the surplus lines market. The Bureau also licenses continuing care communities, insurance premium finance companies, reinsurance intermediaries, managing general agents, viatical settlement providers and third party insurance administrators.

The Bureau reviews numerous types of corporate filings relating to domestic insurance companies, including amendments of corporate charters, agreements of mergers or consolidations, transfers of assets, redomestications to and from Pennsylvania, management contracts, filings for approval of changes in control of domestic insurers, corporate restructurings and mutual-to-stock conversions. In addition, the Bureau monitors the financial condition of insurers transacting business in Pennsylvania by analyzing annual and quarterly financial statement filings and reviewing proposed financial transactions.

BUREAU OF FINANCIAL EXAMINATIONS

Department financial examiners travel to the administrative offices of insurance companies to review their financial condition and determine whether they are operating in compliance with Pennsylvania laws and regulations relating to financial solvency and corporate governance. The books and records of each Pennsylvania domestic insurance company are reviewed by an examiner at least once every five years.

OFFICE OF MARKET REGULATION

The Department's market regulation activities are critical to protecting consumer interests. Within the Office of Market Regulation are four Bureau's who work in collaboration to ensure the compliance of fair insurance practices. First, the Bureau of Consumer Services continues to be the "one stop" shop for Pennsylvania's citizens to seek information and submit complaints against insurers and producers. Secondly, the Bureau of Licensing and Enforcement addresses allegations of violations of the insurance laws by licensees and sets the standard for individual entering the insurance market through its licensing programs. This Bureau also plays an important role in combating insurance fraud by working with the insurance industry and law enforcement to identify trends in insurance fraud. Next, the Bureau of Market Conduct plays an integral part of the Department's market regulation efforts with compliance monitoring mission of the insurance industry to ensure consumer protection and this is accomplished through various regulatory responses that may include on-site examinations of insurers. Lastly, the Bureau of Market Analysis and Education participates in outreach events to educate consumers. This Bureau also receives industry information that is combined, analyzed and synthesized with other regulatory information to determine problems with carriers or trends in the marketplace. The Office coordinates the Department's Consumer Quarterly and the Market Regulation Committee meetings. The Consumer Quarterly Meeting brings numerous areas of the Department together in an informal setting to discuss known and emerging issues in insurance regulation. The Market Regulation Committee is designed to analyze market place data (financial, product, investigative) and allocate resources to address problem identified by the Committee including calling market conduct exams. Reporting to the Deputy Insurance Commissioner are:

BUREAU OF CONSUMER SERVICES

Direct assistance is provided to consumers through the Bureau of Consumer Services. Through its two (2) regional offices (Harrisburg and Philadelphia), staff processes more than 100,000 consumer complaints and inquiries annually. The Bureau serves as the eyes and ears of the Department in monitoring the insurance marketplace. The information gathered by the Bureau serves as the foundation for the market analysis. The Bureau also handles consumer walk-ins, phone calls, emails, and general complaints. Staff also participates in numerous consumer education and outreach programs sponsored by the General Assembly, consumer associations, insurance trade associations and other governmental entities. The Department responds to state or federally declared disasters by providing on-site staffing assistance at Disaster Recovery Centers (DRCs).

The Bureau serves as the reviewer of enrollee appeals from a managed care plan's decision on issues of contract exclusions, non-covered benefit disputes and potential violations of insurance statutes and Drug and Alcohol benefit decisions. Additionally, the Bureau is responsible for reviewing market and product withdrawal activity.

BUREAU OF LICENSING AND ENFORCEMENT

The Bureau of Licensing and Enforcement is comprised of the Field Investigations Division, the Anti-Fraud Compliance Division, the Licensing Compliance Division and the Licensing Services Division. This Bureau functions as an integral component of the Department's consumer protection and market place regulatory mission.

The Licensing Divisions develop the processes and protocols for licensing of insurance producers, public adjusters, public adjuster solicitors, surplus line agents, motor vehicle physical damage appraisers, viatical settlement brokers and professional bondsmen in the Commonwealth. The Department licenses more than 192,000 individuals in Pennsylvania to conduct the business of insurance with the general public. In a given year more than 32,000 new applications and over 517,000 insurance company appointments and terminations are processed. Additionally, the Bureau reviews and renews over 75,000 licenses annually and monitors compliance with the mandatory continuing education requirements for individual licensees as well as reporting requirements for both individuals and business entities in accordance with statutory timeframes.

The Field Investigation Division investigates licensees suspected of violating Pennsylvania insurance statutes and regulations. In 2009, the Field Investigations Division executed 136 Consent Orders and Settlement Agreements, and 43 producers surrendered their licenses or had their licenses revoked as a result of violating insurance laws. In addition, the Division imposed $326,901 in civil penalties and assessed $2,326,063 in restitution to Pennsylvania consumers.

The Anti-Fraud Compliance Division, operating through a grant of the Pennsylvania Insurance Fraud Prevention Authority, reviews insurer fraud control programs to determine insurer compliance with law, performs analysis of fraud and fraud-related issues to assist Pennsylvania anti-fraud strategy and policymaking, functions as Department liaison with federal and state agencies on insurance fraud, and through educational initiatives, increases public awareness that insurance fraud harms Pennsylvania consumers through higher insurance costs.

BUREAU OF MARKET CONDUCT

The Bureau of Market Conduct is an intrical part of the Department's compliance monitoring mission of the insurance industry to ascertain consumers are fairly treated through various compliance audits and interactions with insurers. These audits may include on-site examinations of insurers or other market focused reviews of underwriting, rate application, policy terminations and claims practices to verify compliance with Pennsylvania insurance statutes and regulations. The Bureau of Market Conduct continues to maintain an aggressive agenda of initiatives intended to protect Pennsylvania consumers

and provide for a fair market environment. In 2009, 45 full-scope market conduct examinations were completed. A total of $1.1 million in civil penalties was assessed and over $1.1 million in restitution for consumers was ordered.

Market Conduct will continue to be involved in market conduct examinations at a multi-state level in order to maintain and protect interest of Pennsylvania consumers and ensure regulatory compliance in the marketplace. As the impact of the shift from front end regulation to back end regulation increases, globalization of the marketplace develops and the expanding use of marketing insurance and financial products electronically, the importance and necessity of Market Conduct initiatives will continue to increase and be more analysis driven.

BUREAU OF MARKET ANALYSIS AND EDUCATION

The Bureau of Market Analysis and Education includes the Division of Market Analysis and the Outreach Division. The Division of Market Analysis is tasked with protecting consumers by ensuring that companies are operating in accordance with Commonwealth Pennsylvania law and by creating an environment to allow a level playing field for companies to compete in. This is accomplished primarily through educational reviews, data calls and market analysis. Educational reviews and data calls of insurance companies allow the Division to make sure that the industry has properly implemented newly enacted or changed laws and regulations. Through educational reviews, the Division examines forms and documents, conducts written, telephonic and on-site surveys of licensees and consumers, and reviews internal company procedures and advertising materials, in addition to other functions. Through data calls, data is analyzed in attempt to identify industry trends that could be problematic. Through these tools, feedback is provided to the industry in order to affect compliance by companies and to ensure that consumers are receiving the full extent of protections under the law. They review statutes and regulations and create an outline to determine the topics and target of analysis reviews, data calls and analysis projects which will later be used as reference guides during analysis projects. Specific violations of Pennsylvania insurance statutes, regulations and/or policy conditions are identified. Surveys to the insurance industry are conducted to gather information and data report findings from analysis of the information and data to the Director and Insurance Commissioner and all other interested parties. Surveys and studies allow us to formulate public policy, or at least, become more knowledgeable of the industry we regulate. Ultimately, Market Analysis presents all their data collection findings to the Market Regulatory Review Committee to determine what response/action on the continuum of regulatory responses should be taken. Market analysis enables the Division to identify general market disruptions and important market conduct problems as early as possible to eliminate, or limit, the harm to consumers. It also allows the Department to better prioritize a coordinate various market conduct functions.

The Outreach Division represents consumers by reviewing and commenting on proposed legislation, and by speaking at legislative, and public hearings on behalf of consumers. They are actively involved in conducting policy research, investigations and reporting on hot topics that impact consumers such as healthcare reform, long term care, climate change and automobile direct repair programs. Most recently, the Outreach Division performs professional program development and evaluation work, directly in connection with the implementation by the PA Insurance Department (PID) of certain provisions of the Patient Protection and Affordable Care Act (Affordable Care Act, Public Law 111-148) and the Health Care & Education and Recovery Act of 2010 (Public Law 11-152). Specifically, the Bureau has taken the lead in the creation of a high risk insurance pool (PA Fair Care) and ultimately will develop an insurance exchange for the Commonwealth by January 1st, 2014. The Bureau performs other duties in support of the above effort and researches best practices with the National Association of Insurance Commissioners (NAIC) and other states in support of this effort.

OFFICE OF INSURANCE PRODUCT REGULATION AND ADMINISTRATION

Reporting to the Insurance Commissioner, the Office of Insurance Product Regulation, under the direction of a Deputy Insurance Commissioner, is responsible for reviewing and regulating certain insurance rates charged and policy forms used in Pennsylvania for accident and health, life, and property and casualty insurance. Certain rate filings are reviewed to determine that rates are not excessive, inadequate or unfairly discriminatory.

The Bureau of Administration provides consultative services and administrative support to the Department's executive and program offices in the areas of budget and fiscal management, human resources and equal employment opportunity, procurement and contracting, facilities management, mail and messenger responsibilities and related office services duties. The valuation function generates approximately $3,800,000 annually. Filings are reviewed for compliance with all statutory and regulatory requirements. The Bureau annually reviews approximately 2,145 rate filings and 3,800 form filings.

BUREAU OF PROPERTY AND CASUALTY

The Bureau of Property and Casualty Insurance is responsible for personal and commercial property and casualty lines of business such as automobile, homeowners', workers' compensation and liability

insurance. The Bureau works closely with the Department of Labor and Industry on workers' compensation issues and with the Medical Care Availability and Reduction of Error Fund. Rate and form filings are reviewed for compliance with all statutory and regulatory requirements. The Bureau reviews approximately 3,500 rate filings and 2,750 form filings each year.

OFFICE OF MCARE

Reporting to the Insurance Commissioner, the Office of Mcare under the direction of a Deputy Insurance Commissioner, plans, develops, coordinates and administers the Medical Care Availability and Reduction of Error Fund in accordance with state statutory requirements, which provides excess medical professional liability insurance coverage to eligible health care providers.

BUREAU OF MEDICAL MALPRACTICE ADMINISTRATION

Bureau of Medical Malpractice Administration - Directs an excess liability insurance coverage program in accordance with a statutory scale of limits in excess of primary insurance provided by medical malpractice liability insurance companies or self-insured health care provider programs. Coordinates and monitors health care providers' compliance with statutory coverage requirements. Identifies health care providers who appear to be in non-compliance with Pennsylvania's mandatory malpractice insurance requirements, and reports such to the appropriate licensing authority.

The Bureau of Medical Malpractice Administration collects, deposits and analyzes assessments received from licensed or approved insurance companies and approved self-insured entities that are remitted on behalf of health care providers net of any assessment abatements in effect in certain years. From this, a record of Mcare coverage is created for each health care provider. The Bureau coordinates with the Office of Administration's Bureau of Information Technology to manage technology resources in carrying out responsibilities mandated by statute. The Policy Division within the Bureau oversees the noncompliance program which identifies health care providers for whom medical malpractice insurance has not been reported on their behalf to Mcare. Prior to reporting such health care providers to the applicable licensing authority for disciplinary action, notices are sent to health care providers. The Fiscal and Administrative Support Division administers a program to collect Mcare assessment repayments from health care providers who did not fulfill the requirements of the abatement program, as well as experience rated adjustments to assessments for health care providers who have claims histories that subject them to paying Mcare more than the standard assessment amounts.

BUREAU OF MCARE CLAIMS ADMINISTRATION

Bureau of Mcare Claims Administration - Directs a program to receive claim file reports from primary insurers and determine eligibility in accordance with statutory provisions. The Claims Administration Division investigates, evaluates and resolves eligible medical malpractice liability claims in accordance with Act 13 of 2002. Finally, the Division fulfills the mandate to report applicable claim payments to the National Practitioner Data Bank.

OFFICE OF CHIEF COUNSEL

The Governor's Office of General Counsel oversees the legal offices for the Commonwealth, including the Department's Office of Chief Counsel. The attorneys in the Office of Chief Counsel, under the direction of the Chief Counsel, provide legal advice to the Commissioner and Department staff. The attorneys, who report to the Chief Counsel, are responsible for providing counsel on general regulatory law; the CHIP

and adultBasic programs; litigation and administrative hearings; liquidations, rehabilitations and special funds; and the Mcare Fund. Attorneys are assigned to one of three areas: (1) the regulatory/litigation area; (2) the liquidation, rehabilitation and special funds area; or (3) the Mcare Fund.

The regulatory and litigation attorneys handle the interpretation and implementation of the insurance laws of the Commonwealth and application of relevant federal legislation. They also assist in the drafting of proposed legislation, regulations and policy recommendations. Regulatory and litigation attorneys also prosecute actions to enforce Pennsylvania insurance laws and regulations (including those related to hazardous financial condition) and represent the Department in administrative proceedings. Support is also provided by this area with respect to Act 68 (HMO appeals) and compliance with the Right to Know Act, as well as Department procurements and contracts. The attorneys also regularly represent the Department in state and federal courts in cases of original and appellate jurisdiction involving all insurance regulatory issues.

The attorneys in the liquidations, rehabilitations and special funds area represent the Commissioner in his capacity as statutory receiver for domestic insurers placed into rehabilitation or liquidation by Order of the Commonwealth Court. They supervise the legal affairs of insurers in liquidation or rehabilitation, dealing with reinsurance recoveries, commutations and the distribution priority of company assets. Attorneys in this area also supervise the pursuit through forensic investigation and litigation of monetary recoveries from parties legally responsible for the demise of insurers in liquidation or rehabilitation. These attorneys also provide legal counsel to the Underground Storage Tank Indemnification Fund, the Workers' Compensation Security Fund, and the automobile Catastrophic Loss Benefits Fund, including related representation before administrative tribunals as well as the courts.

The Mcare attorneys provide legal advice to the Commissioner and Deputy Commissioner, and the claims staff at Mcare on all legal issues, mediation matters and coverage disputes. The attorneys regularly represent the Department in state and federal courts in cases of original and appellate jurisdiction involving Mcare issues.
