appeared to be valued in accordance with NAIC Securities Valuation Office standards. There were no unaffiliated common stocks owned by the Company as of December 31, 2013.

The Company's investment portfolio is held under a custodial agreement with JP Morgan Chase Bank, N.A., New York, NY. The agreement was in compliance with the standards for custodial agreements as required in 31 Pa. Code § 148a.3.

The Company has a written investment policy as required by 40 P.S. § 653 b (b). The investment policy is reviewed and approved on an annual basis by the Board of Directors. The Company, at December 31, 2013, was following its investment policy.

LOSS AND LOSS ADJUSTMENT EXPENSE RESERVES

The Company reported reserves in the amount of \$11,719,741 for losses and \$4,065,727 for loss adjustment expenses ("LAE") on the December 31, 2013 Annual Statement. These reserve amounts represent the Company's share of the Pool.

For the years under examination, the Board appointed two different qualified actuaries to provide the Statement of Actuarial Opinion ("Opinion") on the Company's loss and LAE reserve amounts carried on the balance sheet at respective year-end dates as follows:

December 31,	Actuary and Credentials	Title
2010-2012	Donald Procopio, FCAS, MAAA	SVP, Chief Actuary, 21 st Century
2013	James L. Nutting, FCAS, MAAA	SVP, Chief Actuary, FGI

There were no disagreements, either resolved or unresolved, related to the content of the Opinion on matters of risk of material adverse deviation, required disclosures, scope, data, procedure or data quality with each appointed actuary. The Company has limited net exposure due to its participation in the Pool. For each year in the examination period, the appointed actuary issued an Opinion concluding that reserves made a reasonable provision.

In order for the examination team to gain an adequate comfort level with the Company's loss and LAE reserve estimates, the California Department of Insurance ("CDOI") engaged American Actuarial Consulting Group, ("AACG"), as an authorized representative of the CDOI to perform independent actuarial reserve analysis of the Company's loss and LAE reserves for all companies in the Pool. AACG reviewed the reconciliation of the data used in the appointed actuary's work to the data in Schedule P and found them to be consistent. Based upon the analysis performed and results obtained, AACG obtained sufficient documentation that the Company's reported loss and LAE reserve amounts are reasonably stated on both a gross and net of reinsurance basis.

A Senior Casualty Actuary of the CDOI reviewed the AACG actuarial analysis and concluded that the net carried reserves for the companies are reasonably stated as of December 31, 2013. The Pennsylvania examination team also accepts the work and conclusions of the CDOI that the reserve amounts carried by the Company "make a reasonable provision in the aggregate for all of the Company's unpaid loss and loss expense obligations under the terms of its contracts and agreements" as of December 31, 2013.
