**QUARTERLY REPORT OF THE LIQUIDATOR  
ON THE STATUS OF THE LIQUIDATION OF  
LEGION INSURANCE COMPANY AS OF JUNE 30, 2018**

**I. INTRODUCTION**

Jessica K. Altman, Insurance Commissioner of the Commonwealth of Pennsylvania, in her official capacity as Statutory Liquidator (the “Liquidator”) of Legion Insurance Company (“Legion or Estate”), through her undersigned counsel, hereby submits this Quarterly Report on the status of the liquidation of Legion for the period from January 1, 2018 through June 30, 2018 (“Report”).

**II. REPORT**

**A. Financial Statements.**

Legion has prepared the Special Purpose Statement of Assets and Liabilities, Statutory Capital and Surplus Account and Cash Flow Summary (“Statements”). The Statements include estimates as noted below and may not fully reflect the effects of the liquidation. Consequently, the ultimate distribution to creditors is not certain at this time. For this reason, third parties should not rely on the financial information contained herein as providing a clear indication as to the ultimate distribution that will be made from Legion. The Notes to the Special Purpose Statement of Assets and Liabilities, attached as Exhibit D, describes the nature of the line items on the Statements and should be included in any review of Legion’s financial information.

The Statements are addressed in more detail in sections 1 through 4 below.

1. **Special Purpose Statement of Assets and Liabilities – Assets –**

**EXHIBIT A.**

As of June 30, 2018, the attached Special Purpose Statement of Assets and Liabilities shows estimated total assets were \$2,148.1 million, including \$457.1 million of cash and liquid investments.

Early access advances to Guaranty Associations (“GAs”) totaled \$1,690.0 million.

**a. Cash and Investments.**

Legion had a cash and investment portfolio of \$457.1 million as of June 30, 2018. Refer to the Cash Flow Summary (Exhibit C) for major components of change for the current year. Excess cash flows over and above the immediate operating needs of the Estate are transferred to money market funds in the Estate’s account with Morgan Stanley. All securities are held by Morgan Stanley until maturity, and all proceeds will be placed in the money market funds. All marketable securities are booked to the market values provided by Morgan Stanley as of the end of each month.

**b. Early Access Advances.**

Workers’ compensation claims paid by Legion on behalf of the GAs during the first 90 days after the date of the Liquidation and pursuant to the Court’s Order are considered part of early access monies.

On August 7, 2014, the Court approved the Liquidator’s Ninth Proposal to Distribute Assets (\$130.0 million) to the State Guaranty Associations (“Liquidator’s Ninth Proposal”), and on April 24, 2017, the Court approved an additional \$6.4 million distribution to the Oregon Insurance Guaranty Association, bringing the total authorized by the Court to \$1.76 billion for early access distributions. Legion has distributed all of these funds via cash payments and

reductions of statutory deposits, except for \$66.4 million which is currently being held pending the final distribution.

**c. State Deposits and Unapplied State Deposits.**

A \$1.0 million unapplied state deposit is held by the Oregon Insurance Guaranty Association pending the final distribution.

**2. Special Purpose Statement of Assets and Liabilities – Liabilities –**

**EXHIBIT A.**

Total known liabilities at June 30, 2018, were \$2.4 billion. The statement includes Legion's liability for GA-accepted administrative expense NODs of \$205.6M. It does not include an estimate of the cost that will be incurred by Legion in administering the Estate over time. Legion liquidation expenses are class (a) priority payments under the Insurance Department Act of 1921, 40 P.S. § 221.44 ("Act"), as are certain GA expenses, to the extent permitted by the Act. Both Liquidator and GA expenses will be paid before distributions for claims under policies for losses, class (b) priority, and other lower-class creditors.

However, the most significant liability is the \$2.1 billion assigned to class (b) proofs of claim ("POCs"). This category includes Legion's liability for GA-accepted NODs of \$2,030.4 million and for non-guaranty fund-accepted NODs of \$59.0 million. A reduction of \$29.5 million is shown for distribution payments issued to class (b) claimants as of June 30, 2018.

On April 29, 2015, the Court entered an Order establishing a Claims Bar Date. The Order provides that all claims must have matured into a legal cause of action and a Proof of Claim filed with the Estate by July 28, 2015. Prior to issuance of NODs to GAs, the estate accepted information on losses reported to the GAs up through the Claims Bar Date.

**a. Priority Class A.**

Prior to receivership, Legion, Villanova Insurance Company (“Villanova”) and Legion Indemnity Company (“Indemnity”) operated with an expense sharing agreement pursuant to which Legion paid the common expenses for all three companies through July 2003. Under the expense sharing agreement, common expenses were allocated 80% to Legion, 10% to Villanova and 10% to Indemnity. Following entry of the Court’s Orders placing Legion and Villanova into liquidation in July 2003, the expenses were allocated 90% to Legion and 10% to Villanova. The several schedules attached to this Report relating to expenses (Exhibits E and F) represent the expenses paid or incurred by Legion and Villanova on a consolidated basis, including all common expenses, before any allocation. The Liquidator’s Petition for Approval of Administrative Expenses Paid for the Period July 1, 2017 through December 31, 2017, was approved by the Court on March 29, 2018.

The Combined Expense Detail attached as Exhibit E lists \$4.2 million of statutory liquidator administrative total operating expenses of Legion and Villanova for the period January 1, 2018 through June 30, 2018. The total liquidator administrative expenses incurred and paid during liquidation through June 30, 2018, for Legion is \$466.3 million.

Subsequent to the Claims Bar Date, Legion began issuing NODs for GA administrative expense POCs based on Legion’s continuing review of each GA’s reported expenses. The process has now been completed. As of June 30, 2018, Legion’s liability for GA administrative expense as reflected in NODs issued by Legion, accepted by GAs, and approved by the Court was \$205.6 million.

**b. Priority Class B.**

Subsequent to the Claims Bar Date, Legion began issuing NODs for GA losses and loss adjustment expenses for claims incurred as of the Claims Bar Date. The process has now been completed. As of June 30, 2018, Legion's liability for GA policyholder benefit claims as reflected in NODs issued by Legion, accepted by GAs, and approved by the Court was \$2.03 billion. NODs have also been issued, accepted, and approved by the Court for all non-GA policyholder claims aggregating \$59 million, which were determined through the POC evaluation process

**c. Priority Classes Below Class B.**

Also included in total liabilities are estimated liabilities for POCs assigned to priority classifications below class (b), which aggregate to \$122.7 million. (See the accompanying notes for a brief description of each line item.)

Throughout the liquidation period it has been anticipated that Legion would not make distributions to claimants whose claims were classified (c) or below. In order to maximize the Estates' resources and assets, Legion decided to issue "Class Only" NODs for class (e), (f) and (g) levels. These NODs acknowledged the legitimacy of a claim but assigned no dollar value to the claim. In the event it was determined that Legion would be able to make distributions to claimants in levels below class (b), the Class Only NODs for those classes where distributions might be made would be valued and issued an amended NOD. When the Court amended its rules for the summary and formal proceedings against insurers effective July 30, 2012, all class (e), (f) and (g) claims valued after that date were assigned a dollar value. While it is still not anticipated that Legion will pay out below a class (b) claim, as a result of the issuance of Class Only NODs, total liabilities in those classes may be substantially understated.

**3. Statement of Statutory Capital and Surplus Account – EXHIBIT B.**

Attached to this report is a special purpose Statement of Statutory Capital and Surplus Account for the period from December 31, 2001 to June 30, 2018. The net deficit at June 30, 2018, was \$240.1 million.

**4. Statement of Cash Flow Summary – EXHIBIT C.**

Attached to this report is a Statement of Cash Flow Summary (“Cash Flow Summary”) for the period January 1, 2018 through June 30, 2018. Total sources of cash and investments for the period were \$3.8 million.

Total uses of cash and investments were \$5.5 million for the period.

**a. Operating Expenses.**

Refer to Exhibit E, Combined Expense Detail, for line item detail of major components of operating expenses of Legion and Villanova for the period January 1, 2018 through June 30, 2018. Operating expenses paid per the Cash Flow Summary and Administrative Expenses per the Combined Expense Detail differs somewhat because of accruals. For most operating expenses, Legion pays the invoice and is reimbursed from Villanova for its share through an intercompany transfer. (Please refer to the explanation of expense allocation included under Section 2a.)

**b. Guaranty Association Transactions.**

As of June 30, 2018, the Court has authorized \$1.76 billion in total for early access distributions. Legion has previously distributed via cash payments and reductions of statutory deposits all of these funds, except for \$66.4 million which is currently being held pending the final distribution.

**c. Interim Distribution.**

On February 27, 2012, the Court approved the Liquidator's Amended Petition for First Interim Distribution allowing a 50% distribution to all class (b) claimants whose NOD is approved by the Court. As of June 30, 2018, Legion has made distribution payments of \$29.5 million.

**5. Combined Expense Detail – EXHIBIT E.**

Exhibit E is a schedule reflecting the combined expenses of Legion and Villanova from January 1, 2018 through June 30, 2018, together with a comparison, by category of expense, between 2018 YTD actual and 2018 YTD budget and between 2018 YTD actual and 2017 YTD actual. As reflected in the Statement, the total operating expenses through June 30, 2018, are \$4.2 million, which is 10.6% lower than the 2018 budget and is 13.1% lower than the 2017 actual. There have been no significant unfavorable variances between the budgeted and actual expenses. (Please refer to Section 2a for an explanation of the expense allocation.)

**a. Labor, Benefits and Payroll Taxes.**

As of June 30, 2018, Legion had a total of 16 employees. In addition, Legion utilizes temporary/contractor workers when needed. Current plans dictate that this mix will fluctuate as Legion implements a more flexible staffing model designed to ensure continuity of specialized and institutional knowledge critical to the Estate.

**b. Occupancy.**

Legion currently leases office space in Philadelphia. The lease term expires on September 30, 2019, with monthly base lease payments of \$20,750 through September 30, 2019.

**c. Legal Fees and Expenses.**

Attached as Exhibit F is a schedule containing the legal expense paid detail by firm for the period January 1, 2018 through June 30, 2018, by month. Legal expenses generally pertained to NOD objections and liquidation matters.

**d. Professional Services.**

Attached as Exhibit F is a schedule containing the professional service expense paid detail by vendor name for the period January 1, 2018 through June 30, 2018, by month. The individual professionals and firms listed in the schedule include auditing services, tax services and consulting fees.

**e. Federal Income Taxes.**

Legion expects no tax liabilities or refunds in future years.

**6. Guaranty Fund Claims and Expense Information.**

The GAs have been an essential part of the liquidation safety net, providing significant coverage to certain policyholders and paying covered claims as defined and required by their respective statutes.

**a. Guaranty Fund Claim Overview – EXHIBIT H.**

The Guaranty Fund NODs Accepted Report (“NAR”) summarizes by state the policyholder benefit claims and administrative expenses for those GAs where NODs have been issued. As of June 30, 2018, all GAs have been issued NODs.

Subsequent to the Claims Bar Date, Legion began issuing NODs for GA administrative expense and for GA loss and loss adjustment expense POCs based on Legion’s continuing review of each GA’s reported amounts. As of June 30, 2018, NODs for \$205.6 million of GA administrative expense and \$2,030.4 million of loss and loss adjustment expense have been

issued and accepted by 58 GAs. The NAR data summarizes by state the valuations of the class (a) administrative expense and class (b) policyholder benefit claims as reflected on the NODs issued to those GAs. The Liquidator's Application for Approval of Report and Recommendations on Legion Insurance Company's Undisputed Guaranty Associations' Claims was approved by the Court on May 14, 2018.

**7. Claims Process.**

The deadline for filing POCs was June 30, 2005. As of June 30, 2018, Legion and Villanova combined had received a total of 46,154 POC claims. Of those, 2,766 were received after the claim filing deadline. On April 29, 2015, the Court entered an Order establishing a Claims Bar Date. The Order provides that all claims must have matured into a legal cause of action and a Proof of Claim filed with the Estate by July 28, 2015. POCs filed prior to the Claims Bar Date have been evaluated consistent with the Order and the late filing provisions of the Act.

**a. Proofs of Claim Statistics – EXHIBIT I (Inception-to-Date).**

As of June 30, 2018, Legion had issued NODs for all of the 41,486 POC claims assigned to it for a total amount of \$2.4 billion. All but 2 of the NODs have been accepted by the claimants. The Court has approved 41,483 of these NODs as of June 30, 2018, for a total allowed amount of \$2.4 billion. Exhibit I breaks down this information by priority class.

**b. Proofs of Claim Statistics – EXHIBIT J (Quarter-to-Date).**

During the quarter ended June 30, 2018, Legion completed no reclassifications and/or set-up new suffixes for multiple claims on individual POCs received prior to the Claims Bar Date. No NODs were issued during the period.

**c. Notice of Determination Objection Statistics – EXHIBIT K.**

As of June 30, 2018, the Liquidator had received a total of 943 objections on the 41,486 NODs issued. As of June 30, 2018, Legion had resolved 941 objections. As of June 30, 2018, the 2 unresolved objections had received reports and recommendations from the assigned referee, and were awaiting rulings from the Commonwealth Court. Exhibit K indicates the status of all objections received through June 30, 2018, breaks down this information by priority class and includes the Allowed Amounts for objections in each priority class.

**d. Status of Distribution.**

Since February 2008, on a semi-annual basis the Liquidator has filed a Petition for Approval of Report and Recommendations on Legion Insurance Company Claims Undisputed and Resolved (“Report of Claims”). The Report of Claims lists the allowed amounts of non-GA claimant NODs that had been accepted or assumed accepted in the prior six-month period. On January 29, 2018, the Liquidator filed the Report of Claims for the period July 1, 2017 to December 31, 2017. The Court granted the petition on March 5, 2018. On June 12, 2018, the Liquidator filed the most recent Report of Claims for the period January 1, 2018 to May 31, 2018. The allowed amounts on NODs approved for distribution are listed by priority class on Exhibit I.

On December 2, 2011, the Liquidator filed an Amended Petition for First Interim Distribution Pursuant to 40 P.S. § 221.46, for a 50% distribution of NOD allowed amounts to all class (b) claimants whose NOD is approved by the Court, including the aggregate policies. The petition sought an Order allowing the Liquidator to hold back from interim distributions to claimants which have made claims against the Estate under policies having aggregate limits of liability, and have received approved notices of determination a “Safety Factor Percentage” of

50% of the aggregate limits to address any future developments with Unevaluated POCs.” The Petition was granted by Court Order dated February 27, 2012. On June 1, 2017, the Liquidator filed an application with the Court seeking elimination of the Safety Factor Percentage. The Court granted the application on July 11, 2017, and accordingly all Court approved non-GA class (b) claimants have received a 50% distribution.

Respectfully submitted,

---

**Legion Insurance Company (In Liquidation)**  
**Notes to Special Purpose Statement of Assets and Liabilities**

The Special Purpose Statement of Assets and Liabilities of Legion Insurance Company (In Liquidation) is prepared on a unique financial reporting basis in that the statement does not reflect the effect of the companies' liquidation. The liquidation process will result in the realization of amounts on transfer or disposition of assets and in the satisfaction of liabilities at amounts that may be substantially different than those reflected in the accompanying statement of assets and liabilities. The statement does not include any adjustments that might result from outcomes of the uncertainties related to the future effects of the liquidation and various potential exposures, recoveries or benefits. Specifically, the following facts should be noted in reviewing the accompanying Special Purpose Statement of Assets and Liabilities:

- Estimated priority class of claims from the insurers' estates is set forth in detail in Article V of the Commonwealth of Pennsylvania Insurance Department Act of 1921 at 40 P.S. § 221.44. The classes are:
  - A Administrative expenses
  - B Claims for policy benefits
  - C Federal government claims
  - D Certain employee claims
  - E General creditor claims
  - F State and local government claims
  - G Late filed claims

Note: Administrative expenses include both the guaranty associations' expenses related to administering the claims of the companies in liquidation and the Liquidator's expenses.

- The recorded priority class B reflected on the Special Purpose Statement of Assets and Liabilities is based on NODs issued in 2018, and primarily on guaranty association paid claims, POCs and NODs issued, any known case reserves and actuarial estimates of expected losses on an undiscounted basis in 2017;
- There is an estimated provision in 2017 for current guaranty association costs that have been incurred by the estates and for the open claim runoff as of the Claims Bar Date;
- There is no provision for future internal operating costs to execute the activities and responsibilities of the estates in the liquidation process through the date of the final liquidation of the estates;
- There is no provision for potential federal income tax liabilities in future years, if any;
- For classes below (b), liabilities are carried at NOD accepted value, except for NODs issued on a "Class Only" basis, which are carried at \$0.

The Special Purpose Statement of Assets and Liabilities is not intended to be in conformity with and may vary significantly from generally accepted accounting principles and statutory accounting practices for a property and casualty insurance company as prescribed by the National Association of Insurance Commissioners. Certain presentation reclassifications have been made to reflect the estimated priority classes.
