**QUARTERLY REPORT OF THE LIQUIDATOR
ON THE STATUS OF THE LIQUIDATION OF
VILLANOVA INSURANCE COMPANY AS OF DECEMBER 31, 2015**

I. INTRODUCTION

Teresa D. Miller, Insurance Commissioner of the Commonwealth of Pennsylvania, in her official capacity as Statutory Liquidator (the "Liquidator") of Villanova Insurance Company ("Villanova or Estate"), through her undersigned counsel, hereby submits this Quarterly Report on the status of the liquidation of Villanova for the period from January 1, 2015 through December 31, 2015 ("Report").

II. REPORT

A. Financial Statements.

Villanova has prepared the Special Purpose Statement of Assets and Liabilities, Statutory Capital and Surplus Account and Cash Flow Summary ("Statements"). The Statements include many estimates as noted below and may not fully reflect the effects of the liquidation.

Consequently, the ultimate distribution to creditors is unknown at this time. For this reason, third parties should not rely on the financial information contained herein as providing any certainty or clear indication as to the ultimate distribution that will be made from Villanova. The Notes to the Special Purpose Statement of Assets and Liabilities, attached as Exhibit D, describes the nature of the line items on the Statements and should be included in any review of Villanova's financial information.

The Statements are addressed in more detail in sections 1 through 4 below.

1. **Special Purpose Statement of Assets and Liabilities – Assets – EXHIBIT A.**

As of December 31, 2015, the attached Special Purpose Statement of Assets and Liabilities shows estimated total assets were \$290.6 million including \$40.9 million of cash and liquid investments.

Early access advances to Guaranty Associations ("GAs") totaled \$248.7 million.

a. **Cash and Investments.**

Villanova had a cash and investment portfolio of \$40.9 million as of December 31, 2015. Refer to the Cash Flow Summary (Exhibit C) for major components of change for the current year. Excess cash flows over and above the immediate operating needs of the Estate are transferred to money market deposits. Of the \$40.9 million cash and investments available, \$1.3 million is being reserved as it may be potentially distributed for Early Access funds currently held. (See Paragraph II.A.1.c.)

b. **Reinsurance Assets.**

Villanova has completed the collection of its reinsurance assets through the billing of paid losses and commutation of future reinsurance obligations.

c. Early Access Advances.

Workers' compensation claims paid by Villanova on behalf of the GAs during the first 90 days after the date of the Liquidation and pursuant to the Court's Order are considered part of early access monies.

On August 7, 2014, the Court approved the Liquidator's Ninth Proposal to Distribute Assets (\$20.0 million) to the State Guaranty Associations ("Liquidator's Ninth Proposal") bringing the total authorized by the Court to \$250.0 million for early access distributions. Villanova has distributed all of these funds via cash payments and reductions of statutory deposits, except for \$1.3 million which is currently being held.

2. Special Purpose Statement of Assets and Liabilities – Liabilities –

EXHIBIT A.

Total estimated liabilities at December 31, 2015, were \$493.3 million. The Statement includes an estimate of the liquidation expenses that have been incurred by the GAs in administering the Estate and a reserve for the costs of their ongoing administration of open claims from the Claims Bar Date. It does not include an estimate of the cost that will be incurred by Villanova in administering the Estate over time. Villanova liquidation expenses are class (a) priority payments under the Insurance Department Act of 1921, 40 P.S. § 221.44 ("Act"), as are certain GA expenses, to the extent permitted by the Act. Both Liquidator and GA expenses will be paid before distributions for claims under policies for losses, class (b) priority, and other lower class creditors. As of December 31, 2015, there was \$1.3 million in reserves for unpaid liquidator and GA administrative expenses.

However, the most significant liability is the \$440.0 million assigned to class (b) POCs. This category includes direct insurance policy holder benefits reported by the GAs as paid

(\$333.4 million) and reserves (\$72.6 million), as reflected on the attached Exhibit H, Guaranty Fund Claim Overview Report. The liability also includes Villanova's estimated reserves – other (\$32.9 million). As of December 31, 2015, Villanova's liability for non-guaranty fund accepted NODs was \$1.6 million. A reduction of \$.5 million is shown for distribution payments issued to class (b) claimants as of December 31, 2015.

On April 29, 2015, the Court entered an Order establishing a Claims Bar Date. The Order provides that all claims must have matured into a legal cause of action and a Proof of Claim filed with the Estate by July 28, 2015. The estate has continued to accept information on losses reported to the GAs up through the Claims Bar Date.

a. Priority Class A.

Prior to receivership, Villanova, Legion Insurance Company ("Legion") and Legion Indemnity Company ("Indemnity") operated with an expense sharing agreement pursuant to which Legion paid the common expenses for all three companies through July 2003. Under the expense sharing agreement, common expenses were allocated 80% to Legion, 10% to Villanova and 10% to Indemnity. Following entry of the Court's Orders placing Legion and Villanova into liquidation in July 2003, the expenses were allocated 90% to Legion and 10% to Villanova. The several schedules attached to this Report relating to expenses (Exhibits E and F) represent the expenses paid or incurred by Legion and Villanova on a consolidated basis, including all common expenses, before any allocation. The Liquidator's Petition for Approval of Administrative Expenses Paid for the Period January 1, 2015 Through June 30, 2015, was approved by the Court on October 16, 2015.

The Combined Expense Detail attached as Exhibit E lists \$13.9 million of statutory liquidator administrative operating expenses incurred before federal income taxes by Legion and Villanova for the period January 1, 2015 through December 31, 2015.

The GAs report their administrative expenses to Villanova via financial reports generally received quarterly from most GAs. Attached as Exhibit H is the Guaranty Fund Claim Overview Report showing by GA the total of \$44.9 million in the administrative expenses reported to Villanova as paid by GAs through the Claims Bar Date. Villanova reviews such expenses as part of the formal NOD process. In addition, Villanova has established a reserve of \$.5 million for the costs of the GAs of administering the open claims after the Claims Bar Date, which is not included in Exhibit H but is reflected in Exhibit A. Subsequent to the Claims Bar Date, Villanova began issuing NODs for GA administrative expense POCs based on Villanova's continuing review of each GA's reported expenses.

b. Priority Class B.

The amounts set forth on this Statement for losses and loss adjustment expenses as of the Claims Bar Date are based primarily upon GA paid claims, POCs and NODs issued and the estimated value of known case reserves established by actuarial estimates of expected losses on an undiscounted basis as of the Claims Bar Date. Due to the inherent complexity of the loss reserving process, the potential variability of the assumptions used and the variability resulting from the effect of the liquidation process, the final ultimate liability for losses and loss adjustment expenses will be determined through the NOD evaluation process, and may be significantly different from the estimate of loss and ALAE reserves included in the statements.

As a result of the Claims Bar Date, Villanova wrote-off all outstanding Class B estimated liabilities, including incurred but not reported, for which no POC was filed. This amounted to \$3.4 million.

c. Priority Classes Below Class B.

Also included in total liabilities are estimated liabilities for POCs assigned to priority classifications below class (b), which aggregate to \$7.1 million. See the accompanying notes for a brief description of each line item. Villanova had entered into a pooling arrangement with affiliates related to loss experience. In the fourth quarter 2008, the contract was accounted for as being terminated effective as of the rehabilitation date of April 1, 2002.

Throughout the liquidation period it has been anticipated that Villanova would not make distributions to claimants whose claims were classified (c) or below. In order to maximize the Estates' resources and assets, Villanova decided to issue "Class Only" NODs for Class (e), (f) and (g) levels. These NODs acknowledged the legitimacy of a claim but assigned no dollar value to the claim. In the event it was determined that Villanova would be able to make distributions to claimants in levels below Class B, the Class Only NODs for those classes where distributions might be made would be valued and issued an amended NOD. When the Court amended its rules for the summary and formal proceedings against insurers effective July 30, 2012, all class (e), (f) and (g) claims valued after that date were assigned a dollar value. While it is still not anticipated that Villanova will pay out below a Class B claim, as a result of the issuance of Class Only NODs, total liabilities in those classes may be substantially understated.

As a result of the Claims Bar Date, Villanova wrote-off all outstanding estimated liabilities below Class B for which no POC was filed or a Class Only NOD was issued. This amounted to \$30.5 million.

3. Statement of Statutory Capital and Surplus Account – EXHIBIT B.

Attached to this report is a special purpose Statement of Statutory Capital and Surplus Account for the period from December 31, 2001 to December 31, 2015. The estimated net deficit at December 31, 2015, was \$202.7 million.

4. Statement of Cash Flow Summary – EXHIBIT C.

Attached to this report is a Statement of Cash Flow Summary (“Cash Flow Summary”) for the period January 1, 2015 through December 31, 2015. Net sources and uses of cash and investments for the period was \$(.6) million.

a. Reinsurance Collections.

Although Reinsurance recoverables have been a significant asset of Villanova, the reinsurance recovery effort has been completed. During the period January 1, 2015 through December 31, 2015, \$.4 million of reinsurance was collected.

b. Deductible Recoveries/Amounts to be Distributed per Act 46.

Villanova collects funds under large deductible policies. These funds will be paid, as outlined in Pennsylvania Statute Act 46, to those entities that funded the claim payments. Until the appropriate allocation can be determined, the funds are transferred to a separate restricted cash account.

c. Operating Expenses.

Refer to Exhibit E, Combined Expense Detail, for line item detail of major components of operating expenses incurred by Legion for the period January 1, 2015 through December 31, 2015. Operating expenses paid per the Cash Flow Summary and Administrative Expenses Incurred per the Combined Expense Detail differs somewhat because of accruals. For most

operating expenses, Legion pays the invoice and is reimbursed from Villanova for its share through an intercompany transfer. (Please refer to the explanation of expense allocation included under Section 2a.)

d. Guaranty Association Transactions.

As of December 31, 2015, the Court has authorized \$250.0 million in total for early access distributions. Villanova has distributed via cash payments and reductions of statutory deposits all of these funds, except for \$1.3 million which is currently being held.

e. Interim Distribution.

On February 27, 2012, the Court approved the Liquidator's Amended Petition for First Interim Distribution allowing a 30% distribution to all class (b) claimants whose NOD is approved by the Court. As of December 31, 2015, Villanova has made distribution payments of \$.5 million.

5. Combined Expense Detail – EXHIBIT E.

The operating expenses of Villanova relate to efforts by the Liquidator to marshal and maximize the assets of the Estate for the benefit of all Villanova policyholders and claimants, as well as to review and determine the ultimate liabilities of the Estate, to fulfill the public policies and purposes of the Act and the liquidation process, and to investigate and hold accountable those third parties alleged to contribute to the insolvency of Villanova.

Exhibit E is a schedule reflecting the combined incurred expenses of Legion and Villanova from January 1, 2015 through December 31, 2015, together with a comparison, by category of expense, between 2015 YTD actual and 2015 YTD budget and between 2015 YTD actual and 2014 YTD actual. As reflected in the Statement, the total operating expenses before federal income taxes through December 31, 2015, are \$13.9 million, which is 12.4% lower than

the 2015 budget and 27.8% less than the 2014 actuals. There have been no significant unfavorable variances between the budgeted and actual accrued expenses. The GAs also incurred operating expenses, which are reported cumulatively on Exhibit H. Please refer to Section 2a for an explanation of the expense allocation.

a. Labor, Benefits and Payroll Taxes.

As of December 31, 2015, Legion had a total of 33.5 employees. In addition, Legion utilizes temporary/contractor workers when needed. Current plans dictate that this mix will fluctuate as Legion implements a more flexible staffing model designed to ensure continuity of specialized and institutional knowledge critical to the Estate.

b. Occupancy.

Legion currently leases office space in Philadelphia. Legion executed a lease agreement on new office space in Philadelphia in 2012. Legion is committed to the new lease through June 30, 2017, with monthly base lease payments of \$30,906 effective January 1, 2016. Legion has the option to extend the lease in one year increments through June 30, 2018.

c. Legal Fees and Expenses.

Attached as Exhibit F is a schedule containing the legal expense paid detail by firm for the period January 1, 2015 through December 31, 2015, by month. Legal expenses generally pertained to NOD objections and liquidation matters.

d. Professional Services.

Attached as Exhibit F is a schedule containing the professional service expense paid detail by vendor name for the period January 1, 2015 through December 31, 2015, by month. The individual professionals and firms listed in the schedule include auditing services, tax services and consulting fees.

e. Federal Income Taxes.

As of December 31, 2015, Villanova paid \$.2 million as an estimate of alternative minimum tax due on its parent's 2014 consolidated federal tax return related to Villanova's reduction in IBNR. In addition, Villanova has recorded an estimated allowance of \$.5 million for potential tax liabilities for the 2015 tax year.

6. Guaranty Fund Claims and Expense Information.

The GAs are an essential part of the liquidation safety net, providing significant coverage to certain policyholders and paying covered claims as defined and required by their respective statutes. Villanova has continuously worked with the National Conference of Insurance Guaranty Funds ("NCIGF") to assure the smooth interaction between the Estate and the state guaranty funds. The NCIGF's members include almost all of the state property and casualty insurance GAs in the United States. All aspects of cooperation between the Estate and GAs are discussed with the NCIGF. Discussions and correspondence included matters such as Villanova claim file distribution, claim handling procedures, communication protocols, GA data reporting and Uniform Data Standards protocol, Villanova product and policy information, and deductible and policy aggregate tracking. Villanova personnel have worked with specific NCIGF groups and committees on specific areas, such as large deductible recoveries.

a. Status of Uniform Data Standards ("UDS").

A unit within Villanova coordinates with the GAs and their vendors in managing the data reporting process and the quality of data reported by GAs. As of the Claims Bar Date, 21 GAs reported paid and outstanding loss information via electronic UDS files, either sent directly to Villanova or submitted to the NCIGF secure FTP website. The electronic files received from GAs are interfaced to a processing application at Villanova, where the data is parsed and edited.

Resolution of data errors is coordinated with the respective GA. The data is then interfaced to Villanova's policy/claim system to support Estate functions, including reinsurance billing and financial reporting.

Data quality is additionally monitored through various reports and procedures, which specifically address aspects of the UDS data, such as Net Worth recoveries and large deductible recoveries.

b. Guaranty Fund Claim Overview – EXHIBIT H.

The Guaranty Fund Claim Overview Report ("COR") summarizes by state the policyholder benefit claims and administrative expenses received and applied by Villanova through the Claims Bar Date. The COR data represents UDS claims paid inception-to-date and claim reserve information through the Claims Bar Date for the National Organization of Life and Health Guaranty Associations and the 54 property and casualty GAs (excludes Oregon and New Mexico which have formed ancillaries to administer the Villanova workers compensation claimants from those states and have not signed a refunding agreement). Administrative expenses were updated from the quarterly Financial Information Questionnaires. Villanova adjusted the COR for states which triggered the estate's liquidation prior to July 28, 2003, post liquidation claim payments made on behalf of GAs, questionable settlements and deductible recoveries. Villanova also adjusted for disallowed administrative expenses.

The COR is a summary of the GAs' preliminary documentation supporting their proofs of claim against the Estate. Based on the documentation provided, Villanova provides the GAs with early access monies to help fund the administrative and policyholder benefit payments made by the GAs on Villanova's behalf. All such claims and expenses ultimately will be settled through the formal NOD process. Subsequent to the Claims Bar Date, Villanova began issuing

NODs for GA loss and loss adjustment expense POCs based on Villanova's continuing review of each GA's reported losses and loss adjustment expenses.

7. Claims Process.

The deadline for filing POCs was June 30, 2005. As of December 31, 2015, Legion and Villanova combined had received a total of 46,141 POC claims. Of those, 2,763 were received after the claim filing deadline. On April 29, 2015, the Court entered an Order establishing a Claims Bar Date. The Order provides that all claims must have matured into a legal cause of action and a Proof of Claim filed with the Estate by July 28, 2015. POCs filed prior to the Claims Bar Date will be evaluated consistent with the Order and the late filing provisions of the Act.

a. Proofs of Claim Statistics – EXHIBIT I (Inception-to-Date).

As of December 31, 2015, Villanova had issued and accepted NODs for 4,549 of the 4,662 POC claims assigned to it for a total allowed amount of \$8.2 million. Accepted NODs accounted for approximately 98% of the POC claims filed with the Estate. The Court has approved 4,535 of these NODs, as of December 31, 2015, for a total allowed amount of \$8.1 million. Exhibit I breaks down this information by priority class. NODs will be issued for all POCs received.

b. Proofs of Claim Statistics – EXHIBIT J (Quarter-to-Date).

During the quarter ended December 31, 2015, Villanova received no additional POC claims and completed no reclassifications. An additional 4 NODs were issued during the period and 10 were accepted.

c. Notice of Determination Objection Statistics – EXHIBIT K.

As of December 31, 2015, the Liquidator had received 98 objections on the 4,555 NODs issued. As of December 31, 2015, Villanova resolved 96 objections. The 2 unresolved objections were assigned to a referee as of December 31, 2015. Exhibit K indicates the status of all objections received through December 31, 2015, breaks down this information by priority class and includes the Allowed Amounts for objections in each priority class.

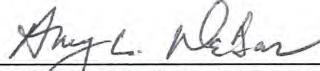

d. Status of Distribution.

Since February 2008, on a semi-annual basis the Liquidator has filed a Petition for Approval of Report and Recommendations on Villanova Insurance Company Claims Undisputed and Resolved (“Report of Claims”). The Report of Claims lists the allowed amounts of claimant NODs that had been accepted or assumed accepted in the prior six month period. Villanova had no accepted NODs for the prior period of January 1, 2015 to June 30, 2015. The last report was filed on February 2, 2015, and the Court granted the petition on March 2, 2015. The allowed amounts on NODs approved for distribution are listed by priority class on Exhibit I.

On December 2, 2011 the Liquidator filed an Amended Petition for First Interim Distribution for a 30% distribution of NOD allowed amounts to all Class (b) claimants whose NOD is approved by the Court, including the aggregate policies. The Court granted the petition on February 27, 2012. Other than workers’ compensation policies, many policies written by Villanova were subject to aggregate limits. The NOD allowed amounts on a few policies may exceed the aggregate limits; therefore, when all POC claims have been evaluated for these affected policies, the final NOD allowed amounts will be an allocation of the policy aggregate limits. The aggregate limit will be allocated pro rata, based on the relative value of each NOD

gross allowed value to the total gross allowed values of all NODs assigned to the particular policy.

Villanova Insurance Company (In Liquidation)
Notes to Special Purpose Statement of Assets and Liabilities

The Special Purpose Statement of Assets and Liabilities of Villanova Insurance Company (In Liquidation) is prepared on a unique financial reporting basis in that the statement does not reflect the effect of the companies' liquidation. The liquidation process will result in the realization of amounts on transfer or disposition of assets and in the satisfaction of liabilities at amounts that may be substantially different than those reflected in the accompanying statement of assets and liabilities. The statement does not include any adjustments that might result from outcomes of the uncertainties related to the future effects of the liquidation and various potential exposures, recoveries or benefits. Specifically, the following facts should be noted in reviewing the accompanying Special Purpose Statement of Assets and Liabilities:

- Estimated priority class of claims from the insurers' estates is set forth in detail in Article V of the Commonwealth of Pennsylvania Insurance Department Act of 1921 at 40 P.S. § 221.44. The classes are:
 - A Administrative expenses
 - B Claims for policy benefits
 - C Federal government claims
 - D Certain employee claims
 - E General creditor claims
 - F State and local government claims
 - G Late filed claims

Note: Administrative expenses include both the guaranty associations' expenses related to administering the claims of the companies in liquidation and the Liquidator's expenses.

- The amounts to be distributed per Act 46 represent funds collected under large deductible policies. These funds will be paid, as outlined in Act 46, to those entities that funded the claim payments;
- The recorded priority class B reflected on the Special Purpose Statement of Assets and Liabilities is based primarily on guaranty association paid claims, POCs and NODs issued, any known case reserves and actuarial estimates of expected losses on an undiscounted basis;
- There is an estimated provision for current guaranty association costs that have been incurred by the estates and for the open claim runoff as of the Claims Bar Date;
- There is no provision for future internal operating costs to execute the activities and responsibilities of the estates in the liquidation process through the date of the final liquidation of the estates;
- There is no provision for potential federal income tax liabilities in future years, if any;
- For classes below (b), liabilities are carried at NOD accepted value, except for NODs issued on a "Class Only" basis, which are carried at \$0.

The Special Purpose Statement of Assets and Liabilities is not intended to be in conformity with and may vary significantly from generally accepted accounting principles and statutory accounting practices for a property and casualty insurance company as prescribed by the National Association of Insurance Commissioners. Certain presentation reclassifications have been made to reflect the estimated priority classes.
