Good Morning,

This reply from UPE is an excellent example of how Highmark can say so much and not say anything pertinent relating to the issue brought up in the initial discussion. UPE's reply just elaborates on the fact that they agree with my sentimental feelings with keeping the hospitals operating. That is all it states. It does not address any of the errors in managerial judgment and management style in general that has driven Highmark into the turmoil that it is currently in and has been in for the past couple of years.

Their reply does not address the important issues, so that must mean the issues are true.

**Response of UPE to
Comment of Peg Bittner Dated April 19, 2012**

UPE is responding to the comment from Peg Bittner dated April 19, 2012. The comment is numbered as Document 0628 on the Highmark/West Penn Cumulative Log page of the Pennsylvania Insurance Department website.

Ms. Bittner has expressed concerns about the proposed affiliation of Highmark Inc. ("Highmark") and West Penn Allegheny Health System ("WPAHS"). Ms. Bittner has reservations about the future management of WPAHS, however understands the importance of preserving WPAHS as a stable health system and community asset.

UPE shares Ms. Bittner's desire to see WPAHS thrive in coming years and is committed to providing the requisite administrative and operational support to restore WPAHS to financial health. UPE believes the proposed affiliation will provide the support and direction necessary to achieve that goal, and that, as a result, Western Pennsylvanians will continue to receive the highest quality health care at an affordable price.

UPE would like to thank Ms. Bittner for her comments.
