Subject: Comment on BCNEPA/HighMarj merger

Dear Ms. Bybee,

I was born and raised in Wilkes-Barre. I went to college here and still live in this city. I am also a Blue Cross employee. As an employee and as a resident, I can say that Blue Cross is an important part of our community.

I am pleased by the Blue Cross of Northeastern Pennsylvania and Highmark merger proposal because Highmark's promises in this proposal show respect for our company, our building, our community and our people. Highmark is committing to protect jobs and keep the presence of Blue Cross in our community. That is so important to all of us. The job protections for the workers in this proposal are important, and so is keeping that presence here.

In return, we at Blue Cross will be bringing a lot to Highmark. The talent we have here at Blue Cross will help make Highmark an even better company. The success of this merger and the commitments Highmark has made as part of that merger are important to me, to my coworkers and to the people in our community.

Thank you for allowing me to submit this comment on behalf of the proposed Blue Cross of Northeastern Pennsylvania and Highmark merger.

Very truly yours,

Barbara
