Please join us for our Fall Series, a follow-up to last year's Market Conduct Seminar. This year, the seminars are tailored for property & casualty insurance companies (Sept. 16) and life and health companies (Sept. 30) and specifically targeted to those people engaged in the review, analysis and reporting of MCAS data.

**Focus in the morning on:**

- Market analysis ~ Baseline, MCAS data and Level One
- Tips and lessons for carriers and consultants
- Market actions: year in review
- Question and answer session

**Focus in the afternoon on:**

- Workshop on the market regulation process
- Question and answer session

**Registration and more information will be available in early August 2010.**
