### Explanation of requested rate change

The proposed increases are being driven by rising medical care costs, which are expected to continue through the remainder of 2019 and throughout 2020 as a result of both higher utilization and the increasing cost of healthcare services, and the underlying morbidity of the population within HHIC's ACA products.

<sup>1</sup> Note that insurers will have the opportunity to revise their rate change request in July, after they are scheduled to receive updated information about the impact of a federal program called risk adjustment. This document will be updated accordingly at that time.
