On January 29, 2020, Senior Health Insurance Company of Pennsylvania (SHIP) was placed in rehabilitation by the Commonwealth Court of Pennsylvania (the Court). The following are answers to frequently asked questions.

OTHER CREDITORS

Question 1: What does rehabilitation mean?

Answer: Rehabilitation is a court supervised process intended to remedy the company's financial deterioration for the benefit of policyholders and creditors. The Rehabilitator and the Special Deputy Rehabilitator (SDR), in conjunction with the Rehabilitation Management Team (RMT), are charged with the protection of SHIP's policyholders, creditors, and the public. The RMT's actions are dictated by the laws and regulations of Pennsylvania and are subject to review by the Commonwealth Court.

Question 2: Is SHIP still in business?

Answer: Yes. Although SHIP was placed in rehabilitation, it is currently continuing to conduct its business as usual subject to the limitations of rehabilitation explained here.

Question 3: Is SHIP selling new insurance policies?

Answer: No. SHIP has not sold new policies since 2003 and that has not changed. That is why its business is sometimes called a "closed block."

Question 4: Who is in charge during rehabilitation?

Answer: The Court appointed Pennsylvania Insurance Commissioner Jessica K. Altman (the Commissioner) as Rehabilitator. The Commissioner and the Pennsylvania Insurance Department (Department)'s Office of Liquidations, Rehabilitations and Special Funds (OLRSF), under the direction of Deputy Commissioner Laura Lyon Slaymaker, are in charge of SHIP's rehabilitation, as they are of all Pennsylvania insurance liquidations and rehabilitations. The Commissioner has appointed Patrick H. Cantilo as SDR. He will work with the RMT to direct SHIP's rehabilitation.

Question 5: Who is the Rehabilitation Management Team?

Answer: The RMT is an informal group that consists of the Rehabilitator, the SDR, Deputy Commissioner Laura Lyon Slaymaker and the OLRFSF. It also includes Robert L. Robinson, who serves as Chief Rehabilitation Officer (CRO) to manage SHIP's and Fuzion's day-to-day operations, and other counsel and consultants.

Question 6: Who is the Special Deputy Rehabilitator?

Answer: As contemplated by the Rehabilitation Order and 40 P.S. § 221.16, the Commissioner has appointed Patrick H. Cantilo, an insurance rehabilitation expert, as SDR. Under the Rehabilitation Order and the statute Mr. Cantilo “shall have all the powers of the rehabilitator” and will be in charge of the company’s day-to-day affairs and of the rehabilitation efforts, subject to the oversight of the Commissioner, the Department, and the Court.

Question 7: What does the Rehabilitation Order provide?

Answer: You should review the Rehabilitation Order (available at www.shipltc.com) in its entirety. Generally the Rehabilitation Order, in keeping with Pennsylvania law appoints the Commissioner as Rehabilitator and authorizes and directs the Commissioner as Rehabilitator and the SDR to take possession of SHIP’s business and take such actions as are necessary to correct the condition that prompted SHIP’s rehabilitation.

Question 8: How will rehabilitation change the company’s business?

Answer: Initially, SHIP will continue operating largely as it has been though under the control of the RMT. Cost saving measures will be implemented immediately as will efforts to conserve SHIP’s assets and control its debts. If a Rehabilitation Plan is approved by the Court, changes will be made in SHIP’s business under the plan, as explained below

Question 9: Why was this action necessary?

Answer: On March 1, 2019, SHIP filed with the Pennsylvania Insurance Department its 2018 statutory annual financial statement reflecting a surplus deficit of more than \$466 million, rendering the company statutorily insolvent as defined in 40 P.S. § 221.3. Additionally, the Company’s most recent risk-based capital (“RBC”) report indicates that its total adjusted capital is substantially below its mandatory control level RBC, thereby triggering a “mandatory control level event” as defined in 40 P.S. § 221.1-A. When that happens, insurance regulators are required to take control of an insurer for the protection of policyholders and creditors.

Question 10: What has caused these financial problems?

Answer: As is typical with financially troubled insurers, there are many contributing causes to SHIP’s difficulties, including poor performance of investments and other such matters the details of which are not yet fully known to the Rehabilitator. However, one key contributing factor that is common to many long-term care insurers is that the expected cost of benefits that will be due under the insurance policies in effect greatly exceeds the assets and expected revenues from which such benefits will have to be paid.

Question 11: What has caused this shortfall in assets and expected revenues?

Answer: Many issues contributed to this shortfall and it is too early for the Rehabilitator to be able to identify them with specificity. One that stands out, however, is that the premiums charged historically for many, if not most, of SHIP's long-term care insurance policies were inadequate for the benefits expected to be due under such policies.

Question 12: How will the company be rehabilitated?

Answer: The Commissioner and SDR will propose to the Court a plan for the rehabilitation of SHIP (the Rehabilitation Plan) that is expected to include modification of premiums and benefits of SHIP's long-term care insurance policies. Emphasis will be placed on giving policyholders choices. Notice and details of the Rehabilitation Plan will be provided to all policyholders and interested parties and they will have an opportunity to comment upon, or object to, the proposed Rehabilitation Plan.

Question 13: When will the Rehabilitation Plan be filed and provided to policyholders and interested parties?

Answer: The court order placing SHIP in rehabilitation (the Rehabilitation Order) requires that a Preliminary Rehabilitation Plan be filed by April 22, 2020, unless the Court extends that deadline.

Question 14: How can I get a copy of the Rehabilitation Order?

Answer: The Rehabilitation Order can be downloaded from the company's website, www.shipltc.com. It is also available on the Department's website www.insurance.pa.gov/Regulations/LiquidationRehab/Pages/Companies-Currently-in-Rehabilitation.aspx. Question 15: I have information I want to send only to the rehabilitation team. How do I do that?

Answer: You may send an email to SHIPrehab@cb-firm.com, an address accessible only by the SDR.

Question 16: SHIP owes me money. What should I do to get paid?

Answer: You should submit your bills to SHIP in the same manner as you would have done in the absence of rehabilitation.

Question 17: Will my bill be paid?

Answer: That will depend on the circumstances. In general, you should know that the Rehabilitation has not caused SHIP to stop paying its bills. However, the Rehabilitator is authorized by law to disavow certain contracts and delay certain payments depending on the circumstances. Such matters will be addressed in the proposed Rehabilitation Plan.

Question 18: What do I do about amounts I owe SHIP?

Answer: Any amounts that are past due should be paid in full immediately. The Rehabilitator and SDR are authorized by the Commonwealth Court to collect all such amounts and to initiate legal action to do so if necessary. Amounts that are not past due should be paid when due.

Question 19: Does the Rehabilitation affect me in any other way?

Answer: The Rehabilitation Order prohibits any interference with the Rehabilitation or the RMT. You should be careful not to take any action that will violate the Rehabilitation Order.

Question 20: Who is the Senior Health Care Oversight Trust?

Answer: The Senior Health Care Oversight Trust is a Pennsylvania trust formed in 2008 to own SHIP and continues to own 100% of the Company. The trustees of the Trust have agreed to have SHIP placed in rehabilitation.

Question 21: How will the rehabilitation affect the Senior Health Care Oversight Trust?

Answer: Under the Rehabilitation Order and the statute, the Rehabilitator and the SDR are now in charge of SHIP replacing the authority of the Trust. Unless SHIP is released from rehabilitation, beginning on the date of the Rehabilitation Order the Trust will have no control over or responsibility for its affairs.

Question 22: Is the Rehabilitator managing the affairs of the Senior Health Care Oversight Trust?
